MESSAGE FROM THE GOVERNOR

Miss Kathleen Trigg, Assistant Secretary to the Governor, appeared at the Bar of the House, and being admitted, presented the following message from the Governor, which was read to the House, as follows:

Executive Office,
Austin, Texas, May 17, 1933.

To the Forty-third Legislature:

As the law makes me the chief budget officer of the State, and as our financial condition is yet one of grave concern, I request your further consideration of how best to restore the credit of the State by paying our debts. At my request, the State Auditor and the Comptroller have submitted to me an official communication containing information that has become available at this time. A copy of this information is attached hereto. As the Comptroller and the State Auditor are neither partisans nor appointees of mine, it cannot be truthfully said that this information could be, or has been, in any way colored to benefit me or my Administration. The official statement, though an estimate, is based upon known facts and the conclusions deduced are approximately correct.

A copy of this official statement will be laid upon the desk of every Member of the Legislature, and I respectfully call same to your attention, and if any Member fails to read same carefully, he should not hereafter be heard to plead innocence of the facts.

In this connection, permit me to say that while there is some discussion among your Membership and in the press suggesting the thought that the Legislature ought to adjourn and go home, yet I want to say that such is not my view at the present time.

Instead of having any criticism to offer of the Legislature for not adjourning, I want to say that I think the Legislature should be commended for staying in session upon reduced compensation for their services, and I trust that you will continue this patriotic endeavor until you have finished the labor of providing revenue to meet the obligations of the State: in other words, balance the budget.

By recurring to the official statement on page 7, Exhibit A, it develops that our total requirements for which the State must provide revenues amount to \$118,415,991. This does not include Highway revenue. The statement further shows that the prospective revenues, other than current property taxes or ad valorem taxes, amount to \$59,327,125, leaving the large sum of \$59,088,866 to be collected by current ad valorem taxes or by some other means. To make it plain, the statement shows that after we have collected all other taxes, there will have to be collected on the homes and farms and other real estate in city and country, the sum of \$59,088,866.

The question may be asked why do we owe over one hundred and eighteen million dollars, and why do we have to raise taxes to pay this stupendous sum. The official statement attached will give this information. In the first place, we inherit a deficiency in three Funds—General Revenue, Available School and Pension Funds—in the sum of \$18,207,304 at the end of August 31, 1933. This is the last rose of summer, a flower of remembrance of the last Administration. Added to this must be, as shown by the statement, the estimated appropriations of your current term, which will amount to \$39,817,885. Added to this must be an amount sufficient to maintain a scholastic apportionment of \$16. As shown by the Auditor and Comptroller's estimate, this will amount to \$53,709,728. Added to this, is the Confederate Pension Fund, which will amount to \$5,360,544. Added to this, is the item of interest on public debt, the cost of the Forty-fourth Legislature, and appropriations from prior years, which will amount to \$1,320,530. This totals \$118,415,991, and the Legislature must provide for the payment of this sum for the next two fiscal years. As stated above, \$59,327,125 will be

collected from other than ad valorem taxes in the way of franchise taxes (Secretary of State), gross receipts taxes, special taxes, delinquent collections, poll taxes, occupation taxes, inheritance taxes, and other revenues. These taxes are now provided for by law, and the present Legislature does not have to provide for that sum, but the balance of the one hundred and eighteen million dollars, or \$59,088,866, rests upon this Legislature to provide for payment. Ad valorem taxes, or some other kind of taxes, must be levied to meet the debt, or a repudiation must be the policy of the State.

By recurring to the official statement of the Auditor and the Comptroller, on page 3, it shows that to collect this \$59,088,866 out of ad valorem values, which means of course tax on real estate, it would require a rate of 54.6 cents to take care of the General Revenue Fund, and would take a rate of 73.6 cents to take care of the Available School Fund, and to take care of the Pension Fund, it would take a rate of 21.6 cents, or a total rate of \$1.49 and a fraction. The constitutional limit is only 77 cents. Therefore, the appropriations and obligations of the State now exceed the constitutional authority of the State by 72 cents. In other words, somebody has incurred obligations and debts of nearly 100 per cent without authority, but they are none the less debts of the State, and the honor of the State demands that they be paid.

As shown by the statement of the Comptroller and Auditor, on page 3, if we levied the full constitutional rate of 77 cents on all our taxable values, we would still be in the red at the end of the next fiscal term, \$29,027,486. But a former Legislature has reduced the constitutional limit for the General Revenue Fund from 35 cents to 27 cents, and, therefore, if we levy the limit reduced—that sum, we will be in the red at the next fiscal term, \$31,967,486. There is a bill pending now to further reduce the General Revenue Fund to 15 cents, and, as shown by the statement of the Comptroller and Auditor, if this is done, we will be in the red \$36,377,486, or only about three million dollars less than an entire appropriation for two years. In other words, we will be two years

in the hole when the Legislature meets again in Regular Session, if no additional taxes are raised.

If there is not to be raised by other sources sufficient revenue, then by all means the Legislature ought to remove the reduction in the General Revenue Fund from 35 cents to 27 cents, and put it back to 35 cents. Thus, it will be seen that no matter under what ad valorem rate we levy, we will be in the red at least twenty-nine million dollars. If we charge the School Fund with only one-half of this sum, or fourteen and a half million dollars, then it is apparent that our school apportionment will be less than \$10 per student, or but little over a half term.

Let me say to my friends in the Legislature, that in bringing this information to your notice, I do so with the kindest feeling, and I want to take this opportunity to express my heartfelt thanks for the uniform courtesy and respect that has been shown me by the Legislature, and I submit this official information in the same spirit, and I emphasize it because I think an imperative situation confronts the State. I would not even intimate that the Legislature has intentionally disregarded its duty, and I rather think that if a mistake is made by the Legislature in not providing for the support of the Government before adjournment, it is in some degree the result of a lack of information, and, therefore, I have earnestly requested the State Auditor and the Comptroller to furnish this information in order that I might transmit it to you officially, and you, in the exercise of your patriotic desire to perform your whole duty, have this information for your guidance and instruction. I trust that the Legislature will again take up this question of revenue in any way that it may think best to get the money to maintain the credit of our Government, to keep open the schools of our country, to pay our Confederate Pensions, and to show ourselves worthy of the trust that the people have placed in us.

With continued confidence and esteem, I am,

Sincerely yours,

MIRIAM A. FERGUSON,

Governor of Texas.

Office of State Comptroller of
Public Accounts,

Office of State Auditor and Efficiency Expert,

Austin, Texas, May 12, 1933.

Hon. Miriam A. Ferguson, Governor
of the State of Texas.

Dear Governor Ferguson: Pursuant to your request, we have applied the amounts expected to be collected during the ensuing biennium from sources other than the current ad valorem tax to certain tentative expenditure requirements for the General Revenue Fund, the Available School Fund, and the Confederate Pension Fund. The resulting figures disclose that in addition to the expected revenues from sources other than the current ad valorem tax, there will have to be raised by the current ad valorem tax, or by some other means, an amount of \$59,088,866.

This amount will be necessary if the following tentative expenditure requirements are to be met:

1. General Revenue, Available School, and Pension Funds. Liquidate the deficits aggregating \$18,207,304 as at August 31, 1933.

2. General Revenue Fund. Provide for estimated appropriations of \$39,817,885 made or expected to be made by the Forty-third Legislature.

3. Available School Fund. Maintain the scholastic apportionment at \$16 per capita. With the textbook requirements, this amounts to \$53,709,728.

4. Pension Fund. Pay Confederate pensions at the rates now specifically prescribed by law, estimated at \$5,360,544.

The statements submitted herein, relative to the General Revenue Fund and the Available School Fund, are based on the revenue estimate of May 1, 1933, now being mimeographed, which was summarized in the statement issued as of May 8, 1933. The figures submitted relative to the Confederate Pension Fund represent estimates not previously reported.

Tentative Requirements in Excess of
Expected Revenues from Taxes
Other than Current Ad
Valorem

Exhibit A discloses that to meet
the estimated requirements there

must be raised by ad valorem taxes; by more stringent enforcement of other tax laws presently in force; by new taxes; or by a combination of these several methods, an amount of \$59,088,866. This is the amount that will be required (1) to liquidate the expected deficits aggregating \$18,207,304 as at August 31, 1933; (2) to provide for estimated appropriations of \$39,817,885 out of the General Revenue Fund, made or expected to be made by the Forty-third Legislature; (3) to maintain the scholastic apportionment at \$16 per capita; and (4) to pay Confederate pensions at the rates now specifically prescribed by law.

If all of the additional revenues could be raised by current ad valorem taxes, the tax rates per \$100 of valuation each year would be:

	Cents
General Revenue Fund	54.6
Available School Fund	73.6
Pension Fund	21.6

The total of the foregoing rates is \$1.498; whereas, the constitutional limit of ad valorem tax rates is 77 cents.

Expected Deficits as at August 31, 1935, Based on Collection of Current Ad Valorem Taxes at Various Rates

Exhibits B, C, and D disclose that if appropriations are to be made as shown in Exhibit A, the total of the deficits as at August 31, 1935, under the several conditions stated, will be as follows:

If current ad valorem taxes are set at the constitutional limit of rates, of 35 cents for the General Revenue Fund, 35 cents for the Available School Fund, and 7 cents for the Pension Fund, the total of the deficits would be\$29,027,486

If current ad valorem taxes are continued at present rates, of 27 cents for the General Revenue Fund, 35 cents for the Available School Fund, and 7 cents for the Pension Fund, the total of the deficits would be\$31,967,486

If current ad valorem taxes are set out at the proposed rates, of 15 cents for the General Revenue Fund, 35 cents for the Available School Fund, and 7 cents for the Pension Fund, the total of the deficits would be ...\$36,377,486

Method Used in Determining Valuations

Schedule 1 shows the method used in determining the net amount of assessed valuations on which ad valorem taxes are expected to be collected for the two-year period. These estimates are based upon the assessed valuations as at January 1, 1932, reduced by the estimated general decline in valuations, and by the estimated amount of homestead exemptions. There has been deducted 30 per cent for estimated delinquent taxes, and an amount of 5 per cent for assessing and collection costs. The final amounts shown are the amounts that should be used in applying the tax rate for the years ending August 31, 1934, and 1935, to determine the amount of taxes to be raised during those years.

Appropriations

Schedule 2 details the appropriation bills that have been introduced in both the Senate and the House prior to May 10, 1933. Some have been passed by the Legislature and signed by the Governor; some have been passed by either the Senate or the House; and some are pending in committees. The educational bill is in the free conference committee, and for the purpose of this estimate, the amount expected to be appropriated was determined by using the average of the sums appropriated in the Senate and House bills, respectively. The same method was applied to the Rural School Aid Bill.

Schedule 3 shows the appropriations that have been made by the Forty-third Legislature, which have been included in the estimate of May 1, 1933, by the State Comptroller and the State Auditor, and which are included in the estimated deficit as at August 31, 1933.

The appropriation bills have been listed from records of the appropriation committees, and from informa-

tion obtained from the committees. Appropriation bills that have been passed were checked in the office of the Secretary of State.

There will probably be changes in some of the bills when finally passed, but the amounts listed are considered as being as nearly correct as it is possible to determine at this time. It should be noted that the appropriations for summer schools for 1933, 1934, and 1935 have been included.

Revenues

Schedules 4 and 5 show the revenues that are expected to be collected during the two years ending August 31, 1935. These amounts are the same as shown in the revised estimate by the State Comptroller and the State Auditor, dated May 1, 1933,

covering the General Revenue and Available School Funds. The revenues are detailed and commented upon in that report, which should be read in connection with this report. The same possibilities of changes in revenues as stated in that report will apply to this report.

It is believed that the estimates made herein reflect as near the true condition of the three funds as it is possible to determine at this time.

Any additional information required will be furnished on request.

Respectfully submitted,

GEO. H. SHEPPARD,
Comptroller of Public Accounts.

MOORE LYNN,
State Auditor and Efficiency Expert.

HOUSE BILL NO. 83 ON PAS-
SAGE TO ENGROSSMENT

The Speaker laid before the House, as pending business, on its passage to engrossment,

H. B. No. 83, A bill to be entitled "An Act to provide for the Texas Prison Board, through its general manager, bidding for contracts to supply the State with printing, binding, and supplies of like character with the Board of Control without a bond, and entering into such contracts with the Board of Control without a bond, and entering into such contracts with the Board of Control without executing a bond, and declaring an amendment";

The bill having heretofore been read second time.

Mr. Anderson of Bexar offered the following amendment to the bill:

Amend House Bill No. 83, page 1, line 20, by adding, after the word "statutes," the following:

"The General Manager of the Prison System of Texas, hereafter to be

known as the Dean, is further authorized and empowered to establish, in conjunction with such printing establishment, a law school, to be known as 'Texas Penitentiary, Department of Legal Lore and Knowledge,' whose course of studies shall consist of a four-year term, and registration for such course shall be under the supervision of said General Manager of the Prison System or Dean of the Law School.

"The requirements for admission to such law school, shall consist of:

"First: Anyone desiring to take advantage of said legal course shall be a convicted felon and an inmate of the Texas Penitentiary System.

"Second: He shall have at least a rudimentary knowledge of the alphabet.

"Third: He shall promise not to cut classes during the period of his incarceration.

"There shall be no registration required other than is now in force and effect under the Texas Bertillon Identification Bureau.

"Students may be classified under regular and special—regular students shall consist of life-termers only.

"Should any student desire a change of address, he shall notify the Board of Pardons and the Governor.

"Withdrawals of students of the law course shall also be under the supervision of the above authorities.

"The courses of instruction shall consist of:

"First Year. Agency, Contracts, Criminal Law (50 hours per week, intensive study), Property, Torts.

"Second Year. Bankruptcy, Bills and Notes, Criminal Procedure (20 hours), Equity, Property, Sales.

"Third Year. Evidence, Federal Procedure, Trusts, Municipal Corporations, Mortgages.

"Fourth Year. Criminal Law, Trial by Jury, Picking a Jury, Seeking a Pardon, Ethics.

"The General Manager of the Prison System, heretofore called the Dean of the Law School, shall organize such honorary societies among the law students as will engender a loyal spirit for the dear old Alma Mamma.

"Nothing in the provisions of this Act shall prohibit the conferring of the Order of the Coif on such deserving students as may be recommended therefor.

"All graduates of such Texas Penitentiary, Department of Legal Lore and Knowledge, shall be permitted to practice law in the State of Texas after having been granted a pardon by the Governor of this State, and having passed the regular bar examination as provided for by the Supreme Court."

Mr. Burns raised a point of order on further consideration of the amendment, on the ground that the amendment is not germane to the bill.

The Speaker sustained the point of order.

(Mr. Cowley in the Chair.)

Mr. Patterson moved the previous question on the engrossment of the bill, and the main question was ordered.

House Bill No. 83 was then passed to engrossment by the following vote:

Subsection 1. There is hereby appropriated out of any money in the State Treasury, not otherwise appropriated, the sum of twelve hundred sixty dollars (\$1,260) to pay the operating expense for the period ending December 31, 1933, of the Texas Racing Commission, hereby created, and vested with all powers required to carry out fully the purposes of this Act.

The appropriations in the said General Appropriation bill for the State Department of Agriculture in the sum of two hundred twenty-three thousand two hundred eighty dollars (\$223,280), shall not be drawn on unless and/or until appropriation made in this amendment for the use and benefit of said Department of Agriculture shall be insufficient or unavailable for the payment of such sum so appropriated, the intent being that the specific appropriations provided for in this Act resulting from the operations of the Racing Commission shall constitute the primary source of funds for the payment of the said appropriations made for the State Department of Agriculture except such fees or special funds as may otherwise be provided for.

It is hereby expressly declared that the appropriations of any and every character as provided in this General Appropriation bill for the maintenance of the Department of Agriculture shall be drawn against General Revenue in whole or in part if, and when funds accruing from the operations of the Racing Commission, and which have been deposited in the Treasury from such source, are insufficient, inadequate or unavailable to meet the current and necessary expenses of said Department as may be provided for by the Appropriation bill.

The Texas Racing Commission, for which the foregoing appropriation of twelve hundred sixty dollars (\$1,260.00) is made, shall consist of three members, one of whom shall be the Commissioner of Agriculture of the State of Texas; one shall be the Tax Commissioner of the State of Texas; the third, who shall be the Chairman of the Commission, shall be appointed by the Governor of the State, with the advice and consent of the Senate, and shall have been a citizen of Texas and a bona fide owner and breeder of thoroughbred live stock in Texas for a period of at least two years at the time of his appointment. Two Commissioners shall constitute a quorum, with power to act.

The Commission shall establish an office at such place in Texas as it may determine. It shall select a Secretary, and as many as two clerks, if necessary, who shall serve at the will of the Commission. The secretary and the said clerks shall receive such salary as is allowed by the Commission, provided, however, the secretary's salary shall not exceed two hundred dollars per month, and the clerk's not to exceed one hundred dollars per month each. The Commission shall have power to pay all reasonable and necessary expenses incident to the conducting of its business.

The Chairman shall be eligible for reappointment.

Members of the Commission shall be entitled to receive their actual expenses when the business of the Commission, and the Chairman shall, in addition, receive compensation at the rate of ten dollars per day while actually engaged in the business of the Commission, such compensation, in the aggregate, not to exceed twelve hundred dollars (\$1,200) in any one twelve-month period.

A Chairman shall be appointed within not exceeding thirty days from the passage of this Act, whose term of office shall be the same as the term of office of the Commissioner of Agriculture, and, thereafter, the Chairman shall be so appointed as that his term of office will conform to the term of office of the Commissioner of Agriculture. In event of a vacancy in the Chairmanship, arising from any cause, the Governor shall, by appointment, fill such vacancy.

The Racing Commission shall have the power, and it shall be its duty, to prescribe and enforce rules, regulations, and conditions under which all horse races held under this Act shall be conducted in the State of Texas. It shall likewise prescribe and enforce rules governing the conduct of all persons who engage in the racing of horses, to the end that such races shall be fairly conducted and so as to insure integrity in the conduct of such races. The Commission shall have power to exclude from participation in such races any person or persons who omit, fail or refuse to comply with the reasonable rules promulgated by said Commission and to prescribe, as a penalty for such omission, failure or refusal, the denial of the right of such persons to so participate in such races.

The Commission shall have the power and authority to permit and to authorize the racing of horses under what is here designated the "certificate system." Under this system the Commission shall permit, authorize, and issue a license on the compliance by an applicant for a license with the requirements of this Act to conduct races and use in connection therewith the said certificate system, which system shall expressly authorize and make lawful the right of a licensee to collect and receive contributions of money from any person or persons present at such race toward the entry of any horse in such race selected by such person or persons to run first in such race, and the person or persons so contributing such money shall acquire an interest in the total money so contributed on all horses in the race as first winners in proportion to the amount of money contributed by such person or persons.

Such licensee shall receive the said contributions of money and issue to the contributors thereof certificates on which shall be shown the number of the race, the amount contributed, and the number or name of the horse selected by such person as such first winner.

As each race is run the licensee shall be authorized to deduct from the total sum contributed on all horses as first winners ten per cent of the amount thus contributed, and the balance remaining on hand after deducting such ten per cent shall be paid out to the holders of certificates on the winning horse equally in proportion as the amount contributed by such persons bears to the total amount contributed toward the entry of all the horses in said race to run first.

Subsection 2. The licensee, in like way, may receive such contributions on horses selected to run second, third, or both, the method and procedure, and the right of the licensee, to be as specified in the next preceding section thereof.

The said certificate system as herein authorized shall not be construed to be either pool selling or betting within the meaning of Articles 645, 647, and 648, of the Penal Code of the State of Texas, Title 2, Chapter VI, according to the 1925 Revision.

Subsection 3. The use of such system shall not be permitted at any other place than within the enclosure stated in the license, nor shall the said certificate system be permitted to be used on any races except horse races.

No such certificate shall be purchased by or sold to a minor.

Races authorized under this Act may be held only between the hours of 9:00 a. m. and 7:00 p. m. of the racing days fixed by the Commission.

No license shall be issued to any one applicant for the holding of more than two meetings in any calendar year, nor on more than one race course, nor for more than sixty-one racing days in the aggregate in any twelve months period.

No person shall receive a license except upon satisfactory showing made to the Commission that such person has adequate facilities for the conducting of such races, and is of good standing; and such person so applying shall give bond payable to the Racing Commission, with good security, in such amount as the Commission shall determine, not, however, to exceed the sum of fifty thousand dollars (\$50,000), to be approved by the Commission, conditioned, in effect, that such applicant will conduct such races and the operation of such certificate system as contemplated by this law in accordance with this Act, and shall account to and pay over to the State Treasurer of the State of Texas the amounts required by this Act to be so paid.

Subsection 4. The Racing Commission may designate a representative, whose compensation shall not exceed twenty dollars (\$20) per day, and reasonable expenses when on the business of the Commission, to attend any horse race meeting licensed under this Act, whose duty it shall be to supervise the conducting of such races and to see to it that the rules of the Commission are faithfully enforced. He shall have full and free access to the place or enclosure where the certificate system is conducted or supervised; and, for the purpose of ascertaining whether or not the licensee is retaining only the commission provided for in this Act, he shall have access to the books, records and papers pertaining to the operation and the results of the said certificate system at such races. A licensee shall keep true and correct records, which shall show all financial operations of said certificate system at such races.

Subsection 5. Any person or persons, association or corporation desiring to conduct racing of horses in Texas and to use in connection therewith the said certificate system, as in this Act authorized, shall make application in writing to the Racing Commission for a license so to do. The application shall be considered and acted upon by the Commission not less than ten days prior to the date of the commencement of such races so sought to be held. The application shall state the days on which such racing is desired to be conducted; it shall describe the place and race track or course at which the races are to be conducted; it shall be in such form and supply such facts as the Commission shall, by general rule, prescribe, and such application shall be verified. If the applicant is eligible to receive a license under the provisions of this law, it shall be the duty of the Racing Commission to fix the racing days that shall be allotted to such applicant, and the Commission shall issue a license for the holding of the meeting or meetings so sought to be held. The license issued shall describe the place and track or race course at which the licensee is authorized to hold such meeting or meetings, and the authority conferred in any one license shall be limited to the calendar year in which it is issued. The license issued shall expressly provide that the licensee shall remit to the Treasurer of the State of Texas, at the end of each race meeting, eight per cent of the total of all moneys retained as commission or compensation by the licensee, as authorized by this Act. This fund, when received by the Treasurer, shall be held by him as a "Special Racing Fund."

Except as to the foregoing twelve hundred sixty dollars (\$1,260), by Section 1 hereof, appropriated to the Racing Commission, the expenses incurred and authorized by virtue of this feature of this Act shall be pay-

able out of the "Special Racing Fund," but not otherwise, and so paid upon accounts approved by the Racing Commission and warrants drawn by the Comptroller on the State Treasurer.

The Treasurer of the State of Texas, in December of each year, shall make a complete statement of the amount he has received within the calendar year under the provisions of this Act. After there shall have been charged against this fund the theretofore paid out operating expenses of the Racing Commission, as herein authorized, and the amount which the Racing Commission shall estimate as being required to be paid out in that year, and, in addition thereto, such amount as the said Racing Commission shall estimate as the expenses for the operating of the Commission for the next succeeding calendar year, the amount then remaining in this fund shall be, and it is hereby appropriated and shall be disbursed thus:

An amount equal to twenty-five per cent of the total amount which the Treasurer shall receive and place in the said "Special Racing Fund" is hereby appropriated as a fund out of which the Commissioner of Agriculture of the State of Texas is authorized and empowered to purchase, transport, and deliver for distribution well-bred and approved stallions and jacks throughout the State of Texas, and, in connection therewith, defray the actual reasonable expenses incident to the purchase, transportation and maintenance of such animals, in order thereby to promote the breeding of better live stock in the State of Texas. After the said operating expenses of the Commission shall have been defrayed, and after the said amount equal to twenty-five per cent of said fund shall have been deducted from the said "Special Racing Fund," the balance remaining in said fund, so far as it may be required, shall be used for the payment of the appropriations by the Legislature for the support and maintenance of the State Department of Agriculture as said appropriations for that department shall be fixed and allowed by the Legislature of the State of Texas from time to time. It is further provided that any excess left in the "Special Racing Fund" shall be by the State Treasurer divided into as many equal parts as there are counties in the State of Texas, and he shall thereupon immediately remit one of such equal parts to the county treasurer of each county in the State of Texas, who shall pay the same into such lawful fund or funds of said county as shall be determined by the commissioners court of said county.

Subsection 6. The payments herein required to be made by the licensee to the Treasurer of the State of Texas shall be in lieu of all other or further excise or occupation taxes to the State of Texas or any county, city, town, or political subdivision thereof.

Subsection 7. The titles of such animals so purchased shall be in the State of Texas.

For the service of such animals so distributed, the Commissioner of Agriculture is authorized to make a charge of not exceeding five dollars (\$5.00) for colts foaled. The amounts so collected by the Commissioner of Agriculture shall be used by him to defray the expense incident to the maintenance of such animals.

The Commissioner of Agriculture shall adopt and carry out reasonable rules and regulations with respect to the distribution, care, use and maintenance of such animals. All expenditures thus authorized shall be paid upon accounts approved by the Commissioner of Agriculture, and warrants drawn by the Comptroller on the State Treasurer.

In allotting or distributing said stallions and jacks, the Commissioner of Agriculture shall request and give consideration to the recommendations of the commissioners courts and of the Members of the Legislature of the particular counties seeking the distribution of such animals.

The Commissioner of Agriculture annually, not later than November 1st, shall make and file with the Governor a report in writing which shall set forth the amounts of the funds disbursed in detail, the way in which disbursement was made and the amount collected by him as service charges on such animals.

Subsection 8. Any person or persons, corporation or association who shall operate the said certificate system on the racing of horses, except when licensed under the provisions of this Act, shall be guilty of a mis-

demeanor, and, upon conviction, shall be punished by a fine of not less than one thousand dollars (\$1000), nor more than five thousand dollars (\$5000) for each day of such unauthorized use.

Subsection 9. In event any licensee shall intentionally violate any provision of this Act or any rule promulgated by the Racing Commission, the Commission shall have the power, on reasonable notice to the licensee, and after giving such licensee an opportunity to be heard, to cancel such license. In event of such cancellation, the licensee shall not be eligible to receive another license within a period of twelve months from the date of such cancellation.

In event any such licensee shall be dissatisfied with the decision of the Commission, he shall have the right to have said decision of the Commission reviewed by the district court of the county where such licensee was authorized to conduct such racing under the same procedure as is now applicable to a review by the district court of an order of the Railroad Commission of Texas.

Subsection 10. Nothing in this Act shall be construed to apply to the racing of horses when the operation of the certificate system of racing is not used in connection with such racing.

The State Comptroller and State Treasurer shall designate in their records such special deposits for funds in order that the expenditures provided by said Acts may be paid from these special funds, provided that no part of the funds herein appropriated, whether special funds, local funds, General Revenue Funds or other funds, and regardless of whatever purpose the funds are appropriated for, shall be used directly or indirectly to pay traveling or other expenses for any officer or employe of the Department of Agriculture when traveling outside the State of Texas.

There is hereby appropriated out of the State Highway Fund for each of the fiscal years ending August 31, 1935, the sum of fifty thousand, one hundred seventy-six dollars (\$50,176) to cover certain salaries, parts of salaries, traveling expenses and other items which are listed and itemized in the appropriations for the Attorney General's Department, the State Board of Control, the State Comptroller and State Auditor, and the State Treasurer, and which amount herein appropriated also covers the cost of furnishing heat, water, and power included in the maintenance and miscellaneous appropriations division of the State Board of Control, the purpose of this appropriation being to have the State Highway Fund bear its just part of the expense incurred by other State Departments in serving the Highway Department. The State Comptroller and State Treasurer are hereby authorized and directed to transfer the amounts herein appropriated from the State Highway Fund to the General Revenue Fund, either annually or semi-annually at any time during each of said fiscal years.

Provided, that no State Highway Funds shall be used or expended in the payment of full or partial salaries, or to participate in the supplementing of any salaries for any kind of work done for, by or under the supervision or direction of the State Highway Department, other than those amounts specifically provided in the above itemized appropriations, where the total to be paid such additional respective employee from Federal, State, county, or other funds, exceeds the respective amount below listed, to wit: File clerks at not exceeding nine hundred dollars (\$900) each per year; bookkeepers at not exceeding fifteen hundred dollars (\$1,500) each per year; registration, warrant, voucher, comptometer, or tabulating clerks, typists, stenographers, or those performing secretarial duties, at not exceeding thirteen hundred twenty dollars (\$1,320) each per year; resident engineers and division engineers at an average salary of not to exceed thirty-one hundred eighty dollars (\$3,180) each per year, none to exceed four thousand fifty dollars (\$4,050) per year; assistant division engineers, at not exceeding twenty-six hundred forty dollars (\$2,640) per year; any other additional positions not herein specifically listed, having like duties to similar positions listed in the above itemized appropriations, at not exceeding the amounts specifically appropriated therein for such similar positions.

General Provisions

All annual salaries shall be paid in twelve equal monthly installments unless otherwise provided herein. Provided that any State employes receiving traveling expenses out of any appropriations made herein for traveling expenses, who shall file and collect witness fee and mileage claims in connection with their appearance as witnesses in any of the courts in this State, shall reimburse and refund to the General Revenue Fund of this State for such expenditures so made from these appropriations to the extent or total of the respective amounts collected under such witness fee and mileage claims.

The appropriations herein provided are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditures shall be made, nor shall any obligations be incurred, which, added to the actual expenditures, will exceed the amounts herein appropriated for any of the purposes named. Provided that the appropriations made herein for departmental maintenance and miscellaneous items for the departments of the State Government may be used as a contingent fund for departmental maintenance and miscellaneous items, except, however, that this provision shall not apply to any item where its expenditure is specially governed by the statutes, and that no salaries or wages shall be paid out of any amounts transferred from other items to a contingent expense item.

The amounts appropriated in this Act are intended to cover and shall cover the entire cost of the respective items, the same shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation is made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation is made; and no portion of the appropriation for one position shall be paid to any person holding any position other than that for which such appropriations are made.

The amounts appropriated herein for the itemized and designated official positions shall be the total amounts to be received by said officer or employe and it is expressly prohibited that any salary shall be supplemented from any local fund or funds or from any transfer of other funds, it being intended that the amount so appropriated herein shall be the maximum amount to be received by said employe. Any employe who knowingly receives a greater amount of compensation than appropriated herein shall be immediately discharged; the head of any department or any official of the State of Texas, who knowingly authorizes any compensation in excess of the amounts allowed herein shall also be discharged from his position.

Provided, that the head of each department shall keep a record of the absences of the various employes, the reasons therefor, whether from sickness, vacation, or on leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said department.

Provided, further, that it shall be the duty of the head of any department to transfer an employe of his office to any desk or place within his department when necessary to perform the duties of the department and for proper dispatch of business.

Provided, however, that the head of any department of the State Government, or any Board or Commission of State Government, may use part-time employes to fill any position provided for in this Act at a salary not to exceed more than one-half the amount appropriated for such position for half-time work.

Department employes herein provided for shall, without deduction in salary, be entitled to receive not exceeding twelve days' vacation, exclusive of Sundays and legal holidays, on which State offices are closed, for each State fiscal year, such vacation period to be mutually agreed upon by the head of each department with his employes; provided, that employes belonging to the Texas National Guard may have their vacation at the time of the meeting of the annual encampment.

Provided further, that no employe for whom a salary is herein appropriated, shall receive compensation while on vacation unless he or she has been an employe of the particular department of which request is made for not less than six calendar months.

Provided, that all departments shall be allowed to close at 4 o'clock p. m. on Saturdays; and provided further, that the head of any department shall be authorized to excuse a part of the employes of such department at noon on Saturdays, and that such Saturday afternoons shall not be construed to be a part of the twelve days' vacation provided for above.

The State Comptroller shall not pay, and no State officer or employe of any of the departments or other agencies of the Government shall include in his traveling expense account any amounts for meals and/or lodging incurred within the city or town where officer or such employe is stationed. Such employes as are stationed away from their main office or headquarters, who are not allowed traveling expenses where so stationed, shall be allowed such expenses when called to their main office.

No traveling expenses shall be incurred by any State official or employe of any of the departments, or other agencies of the Government, outside of the boundaries of the State of Texas, and no such expenses shall be paid from State appropriations or out of any local or auxiliary funds by the State Comptroller and/or other disbursing officer or employe of any agency of the Government, until and unless a written statement, signed by the State Comptroller and the State Board of Control, authorizing in advance said trips to be made, shall first have been filed with the State Comptroller, and a signed duplicate thereof filed with the disbursing officer of such respective agency of the Government. This provision shall not apply to trips to Washington, D. C., made by the Attorney General's Department, whose business before the United States Supreme Court and certain Federal Commissions is mandatory, nor to members or employes of the Railroad Commission attending hearings, conferences, or oral arguments held in other States or Washington, D. C., and involving rates and/or transportation matters.

It is the intention of the Legislature hereby not to require advance permission of legally authorized out-of-the-State trips of peace officers in the extradition and return of fugitives from justice and escaped prisoners except as is already provided by law.

All employes covered under this bill, who are traveling at the expense of the State, are hereby limited to the following amounts for meals and lodging; for meals not exceeding \$1.60 per day, for lodging not exceeding \$2 per night, it being specially provided that the employe shall obtain receipts for all amounts expended, and shall file said receipts with their expense accounts, which expense accounts must be duly itemized and sworn to; and the State Comptroller is hereby expressly prohibited from paying any expense accounts which are not itemized and sworn to and accompanied by receipts as herein provided. It shall be the duty of the Board of Control of this State to furnish to all employes of the State covered in this bill necessary receipt forms, provided the provision of this Act shall not apply to members of boards and commissions who do not receive an annual or monthly salary, nor to the executive board or the heads of State departments.

The State Board of Control is hereby authorized and directed to purchase railroad scrip books for the use of the various departments covered herein, to be used by them in the purchase of railroad transportation, and to charge the amount of such scrip books to the appropriations made for such departments. The head of each of the departments covered herein shall immediately confer with, and report to, the State Board of Control the members of their respective department who are using as much as \$72 or more per year for railroad transportation.

The following rules shall be observed by all State officers and employes in rendering their expense accounts before any expense account shall be paid from appropriations herein made for "traveling expenses":

1. There must be a concise statement of the duties performed, and the points from which the employe travels, the hour of arrival and departure from the designated post of duty and all other towns visited and the object of such visit and of the specific expenses incurred.

2. The name of hotel, restaurant, boarding, or rooming house at which meals and lodging are procured shall be given in every case.

3. Fees, as tips to waiters on dining cars, or at hotels or restaurants, shall not be approved.

It is expressly provided that the provisions of this Act, with reference to traveling expenses, shall not apply to the Governor and Lieutenant Governor of this State.

Provided, that a report shall be made annually by each of said departments or agencies and filed before November the first after the close of the fiscal year, with the Comptroller, and a copy thereof filed with the State Board of Control, giving an itemized statement of all moneys paid out and showing what particular appropriation or fund said money was taken from; including an itemized statement of all purchases or contracts which have been made and remain unpaid at the close of the fiscal year, together with a statement showing the full amount of money taken in from all sources during the year. Said report shall show what disposition was made of such fund or funds, and if any surplus remains on hand at the end of any fiscal year it shall be stated in said report. Said report also shall list the amount expended from regular appropriations or any other funds, for traveling expenses by each employe or any other person connected with such department or traveling under its direction, including the hire of automobiles privately owned by such employe, together with the rate of payment for the use of such privately owned automobile; the amounts expended for the purchase of automobiles, and all expenses for gasoline, oil, repairs, parts, and supplies for all automobiles owned by such departments or agencies; and the total amount expended by such department or agency for all traveling expenses. Provided, further, that such reports shall be filed quarterly if the Board of Control hereafter determines that necessity exists for more frequent filing of such reports.

Provided, that no department included in this Act shall use any of the means or funds appropriated to such department, either directly or indirectly, for the purpose of sending out literature, propaganda, letters, or bulletins, or any other matter, printed or written, or that will influence, or tend to influence, in any way, the election of any candidate for office or the passage or repeal of any law or appropriation affecting any department included in this bill; and provided, further, that no stenographer or clerk whose salary is paid from public funds or who is employed in any way in any department included in this Act, shall in any, be used or employed in preparation of or mailing out of, or in any way handling such literature, propaganda, letters, or bulletins, or any other matter, printed or written, that will influence, or tend to influence, in any way the election of any candidate for office or the passage or repeal of any law or appropriation affecting any department included in this Act, and no such work shall be done or performed in any of the offices or rooms of the Capitol or other State buildings, nor shall any long distance telephone calls or telegrams be paid out of this fund.

Provided that none of the moneys appropriated herein for traveling expenses, automobile hire, and/or automobile repairs, shall be spent for the washing and/or polishing of automobiles.

Provided, that of the money appropriated herein for stamps none shall be spent except on vouchers made payable to a United States Post Office and shall be endorsed by such Postmaster.

All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by the Board, except certain printing provided by law to be done by several of the State agencies. No part of the herein appropriated amounts shall be used for the purchase of embossed or engraved printing and stationery except for the Governor's Office.

Provided, further, that none of the foregoing appropriations for salaries shall be paid or warrants therefor issued by the State Comptroller to any employe until the employe shall have filed with the head and/or disbursing officer of such respective department or agency an affidavit showing his or her marital status, and if married, whether or not the spouse and/or any single children under twenty-one (21) years of age of such employe are also employed by the State Government, and the name of the institution, school, department, appellate court, or other State agency where such spouse or child is employed, together with the name of such spouse or child; the head or disbursing officer of such department or agency, in addition to the statutory affidavit now required to be attached to all payrolls, shall also set forth in the payroll affidavit that all of his employes have made the required affidavits, and also set forth the facts of any of said relationship employment as disclosed by said employes' affidavits, together with the name of the institution, school, department, appellate court, or other State agency where such spouse or child is employed, and if such relationship employment does not exist, then said affidavit shall so state; and the head and/or disbursing officer of the department or agency and the State Comptroller shall not approve for payment or issue warrants or checks for salaries to or for more than one of any of the above-mentioned members of the same family which may now or hereafter be employed by any eleemosynary institution, department, school, appellate court, or other agency of the State Government. Affidavits of present employes shall be made by them and filed with the heads of departments within ten days before the first day of each fiscal year, and persons thereafter employed shall file such affidavits before they begin work; all of said affidavits shall be preserved by the heads of departments or agencies for which appropriations are herein made for proper inspection for at least two years after their dates; said employes' affidavits shall be conclusive evidence of the departmental head's right to approve the payrolls, and the payroll affidavit of the head of the department or disbursing officer shall be conclusive evidence to the State Comptroller of his right to issue the warrants. None of these provisions shall apply to employes whose above-mentioned relatives may be on the State payroll as district judges, district attorneys, highway maintenance laborers, employes on any State contracts where bids were received, and vocational or other teachers in the public free schools. In the event the Comptroller shall hold up issuance or delivery of any warrant by reason of these provisions he shall notify the agency or agencies affected of his action, and such warrants shall not be issued or delivered until the provisions have been complied with to the satisfaction of the State Comptroller; and in the event the head or heads of the departments or agencies so employing said relatives, or said relatives themselves, cannot agree on which affected employe is to be retained on the State's payroll, then the State Comptroller shall issue and deliver the warrant to the affected employe who has been longer continuously employed in the State service, and refuse to issue and deliver the warrant to the other affected employe who has been continuously employed in the State's service for a shorter period of time than the other affected relative.

Providing, that all porters for use in the Capitol Building and in the State departments located within the City of Austin shall be under the direct

supervision of the State Board of Control, and the said Board of Control shall be charged with the duty of supervising the cleaning and maintenance of the Capitol Building and such other State departments located within the City of Austin.

No money herein appropriated shall be spent for the purchase of a passenger car in excess of \$750, including the trade-in value of a used motor car.

It is further provided that any contingent funds herein appropriated, and any funds appropriated for printing may be used under the direction of any department for which any such appropriation is made for the publication and distribution of any notices, pamphlets, booklets, rules, regulations and other matters of public interest; provided, that a charge may be made and collected for such publications and notices as will reasonably reimburse such fund for all actual expense in connection therewith.

It is hereby provided that none of the moneys herein appropriated shall be paid to any person who is not a citizen of the United States.

Section 1-a. If any section, subsection or provision of this Act is, for any reason, held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of any other provision or part of the Act.

Section 2. The fact that the above and foregoing is one of the regular appropriation bills for the support and maintenance of the State Government for the two-year period beginning September 1, 1933, and ending August 31, 1935, and in the interest of good public policy should be passed as speedily as possible, creates an emergency and an imperative public necessity that the constitutional rule, requiring bills to be read on three several days, be suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

RECESS

On motion of Mr. Wells, the House at 12 o'clock m., took recess to 2 o'clock p. m., today.

AFTERNOON SESSION

The House met at 2 o'clock p. m., and was called to order by the Speaker.

CONFERENCE COMMITTEE REPORT ON HOUSE BILL NO. 167

The House resumed consideration of pending business, same being the report of the conference committee on House Bill No. 167, which bill makes an appropriation for the support and maintenance of the various departments of State Government.

Mr. Alsop raised the following points of order on further consideration of the report:

Mr. Speaker: I raise the point of order on the conference report on House Bill No. 167, that that part of the bill which relates to horse racing is in conflict with Section 34, of Article III, of the Constitution of the State of Texas, which reads as follows:

"Section 34. Bill or Resolution Defeated, Not to be Considered Again. After a bill has been considered and defeated by either House of the Legislature, no bill containing the same substance shall be passed into a law during the same session. After a resolution has been acted on and defeated, no resolution containing the same substance shall be considered at the same session."

I also raise the point of order that the said report also violates Section 30, of Article III, which reads as follows:

"Section 30. Laws to Be Passed by Bill; Amendments. No law shall be passed, except by bill, and no bill shall be so amended in its passage through either House, as to change its original purpose."

ALSUP.

The Speaker overruled the points of order.

Mr. Lindsey raised the following points of order on further consideration of the report:

1. I raise the point of order that, under the Constitution of Texas, no bill can be amended in its passage through either House in such a manner as to change its original purpose, and a conference report submitted to this House on House Bill No. 167 changes the original purpose of said bill, because House Bill No. 167 is a general appropriation bill, and the report submitted to this House for concurrence contains what is known as the Race Horse Bill, and is numbered 103.

2. The purposes of House Bill No. 167, as provided and stated in the caption thereof, is an appropriation bill for the several departments of the Government, and the report submitted by the conference committee contains a revenue-raising measure, and I raise the point of order that, under the Constitution of Texas, all revenue-raising measures shall originate in the House of Representatives, and this report shows on its face that it originated in a conference committee, composed of Members of the Senate and the House, and is therefore unconstitutional.

3. I raise the point of order that the report of the conference committee on House Bill No. 167 violates Section 35, Article III, of the Constitution of Texas, which decrees that no bill shall contain more than one subject, which shall be expressed in its title. The conference committee report places a subject in House Bill No. 167 which is not included in the title of said bill, and which places another subject in said bill foreign to the purposes of said bill.

4. I raise the point of order that the report of the conference committee on House Bill No. 167 is in contravention of Section 34, Article III, of the Constitution of Texas, in this, that said report contains the same substance of a bill, or is the same bill, which has been considered heretofore and defeated by the House of Representatives on the twentieth day of March, 1933, as reported in the House Journal of that date, on pages 1030, 1031, 1032.

LINDSEY.

The Speaker overruled the points of order.

Mr. Graves raised the following points of order:

I raise the following points of order on the conference report on the departmental bill No. 167:

This *pari mutuel* amendment is unconstitutional because:

First: It is a revenue-raising measure, in violation of Article III, Section 33, of the Constitution of Texas. Section 33 provides that all bills for raising revenue shall originate in the House of Representatives.

Second: Article III, Section 35, of the Constitution of Texas, provides, while an appropriation may be carried in the general law, a general law cannot be carried as a rider of an appropriation bill. An appropriation in a general law is for the purpose of defraying expenses incident to the carrying out of the provisions of that law, and pertains therefore to the subject embraced in the Act. An appropriation bill, on the other hand, is intended primarily to set aside moneys for the carrying out of the laws already existent, and, while an appropriation bill may carry provisions limiting the use of the fund thereby appropriated, it was never intended that appropriation bills operate as a vehicle for the passage of new laws.

Third: Your attention is respectfully directed to the provisions of Articles 645, 648, 651, and 652, of the Penal Code of this State, wherein it is made a penal offense to wager or bet on a horse race in this State. It seems to be well settled in this State that the Legislature is without authority to attach to an appropriation bill a rider which is inconsistent with a general law governing the same subject matter. *State vs. Steele*, 57 Tex. 200; *Linden vs. Finley*, 92 Tex. 451; Opinion No. 1745, Reports and Opinions of the Attorney General, 1916-18, page 110; Opinion No. 2787, Reports and Opinions of the Attorney General, 1928-30, page 209.

Fourth: Section 44, Article III, Constitution of the State of Texas, reads as follows:

"The Legislature shall provide by law for the compensation of all officers, servants, agents, and public contractors, not provided for in this Constitution, but shall not grant extra compensation to any officer, agent, servant, or public contractor until after such public service shall have been performed or contract entered

into for the performance of the same; nor grant by appropriation or otherwise any amount of money out of the Treasury of the State to any individual on a claim, real or pretended, when the same shall not have been provided for by pre-existing law, nor employ any one in the name of the State unless authorized by pre-existing law."

Because a bill containing the same substance has been defeated during the present session of this Legislature.

GRAVES,
SULLIVANT.

The Speaker overruled the points of order.

Mr. Graves made the following motion:

I move that the House refuse to adopt the conference report on House Bill No. 167; that the Chair appoint another conference committee, and that the committee be directed to repair to their conference room for further deliberation, and that they be instructed to eliminate the portion of the bill establishing a Horse Racing Commission.

Question recurring on the motion by Mr. Graves, yeas and nays were demanded.

REASONS FOR VOTES

I vote "aye" on adoption of conference report on House Bill No. 167, because of the lateness of the session, but wish to say it is not satisfactory to me in every particular.

I doubt the propriety or wisdom of attaching to an appropriation bill the rider that was placed on in the Senate, but rather than delay the matter and send it back to another conference committee and thus delay final sine die adjournment, I have yielded to the wishes of the Senate.

JONES of Atascosa.

I am voting against the conference report on House Bill No. 167, not because I am opposed to the racing bill, because I would have voted for the bill as an original proposition, but because I have serious doubts as to the constitutionality of the method of its adoption, and because I believe it is a dangerous precedent to start the practice of passing any bill that has once been defeated as a conference rider to an appropriation bill.

MUNSON.

I voted for the adoption of the conference report on House Bill No. 167, because it was an agreed bill between the two committees of the respective Houses upon the departmental appropriation bill. I objected to several items in the bill, but was compelled to vote for the report or vote to throw the bill into another conference which meant a probable extension of this session indefinitely and at a great expense to the taxpayers of this State. I believe that this session of the Legislature should conclude its work immediately and adjourn.

STANFIELD.

REASON FOR NOT VOTING

I did not vote on the adoption of the conference committee's report on House Bill No. 167, for the reason that I had gone back to the Speaker's office on business.

If I had been in the House at the time of voting, I would have voted against the adoption of the conference committee report because of the fact that it contained the Horse Racing Bill.

WOOD.

MESSAGE FROM THE SENATE

Senate Chamber,
Austin, Texas, May 17, 1933.

Hon. Coke Stevenson, Speaker of the
House of Representatives.
